DETAILED ACTION

Allowable Subject Matter

1. Claims 1-5 and 7-27 are allowed.
2. The following is an examiner's statement of reasons for allowance: Claims 1-5 and 7-27 are allowable because of the apparatus with a second arm pivotally coupled to a second carriage and an extending arm coupled to and parallel with the second arm, the extending arm moves across the second arm along the vertical axis and has a central shaft configured to rotate within the second arm about an axis parallel to the vertical axis as set forth in the claims. None of the prior art cited discloses an apparatus that incorporates the use of a second arm pivotally coupled to a second carriage and an extending arm coupled to and parallel with the second arm, the extending arm moves across the second arm along the vertical axis and has a central shaft configured to rotate within the second arm about an axis parallel to the vertical axis to precisely set-up a water jet cutter. Therefore, in view of what has been stated above, the claims are allowable over the art of record.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
